

THE FALLEN 5 DRIVE

2018

MISSION:

“To honor the Fallen 5 who died on July 16th, 2015 in Chattanooga, TN by driving 5,000 miles in their memory to fly a special American flag from the Golden Gate Bridge.”

For the 3rd year in a row, the Fallen 5 Drive Team will depart from Chattanooga to drive 5,000 miles across the country to San Francisco and back to honor the 4 Marines and 1 Sailor who died in a terrorist attack almost 3 years ago in Chattanooga.

Joshua Kapellusch, a veteran and Chattanooga, has dedicated himself to remembering the Fallen 5. Each year on the anniversary of the attack he and one other special person depart for a very meaningful 5,000-mile mission.

“5 Days, 5 Fuels, to Honor the Fallen 5”

We take a unique vehicle on this mission, the “Blazer of Glory” – the World’s First 5 Fueled Truck designed and built by Joshua. It is a ’72 Chevy Blazer convertible truck that embodies the ‘American Spirit’, representing the freedoms we like to enjoy. Mixing inspiring technology with an old-school vibe and styling, always make a lasting impression *on everyone who sees it!*

To make the mission possible funding is needed. Each year Joshua raises support from sponsors and others to cover the costs of fuel, food, lodging, and promotion. The goal is \$5,000.00. Make the Fallen 5 Drive possible by donating money, parts, ideas or time for 2018! Contact Joshua for more information.
